## 3. Review Dibels mid-year scores

We are ontrack to be about where we were in years past. We are focusing on helping the students that are red to make the gains they need. The school is using reading groups as part of our interventions to help these students. We are ontrack to do well in our Dibels for end of year.

## 4. Make a plan for 2017-2018 Trust Lands funds

### a. Teacher surveys

Teachers took survey and Mr Bateman ranked them and figured out how much money could go where with the funds we have to help cover the costs with the new guided reading program. We looked over our subscriptions we have for educational software. Funds are also allocated for paraprofessionals. Proposing to put an allotment cap on after school math and cut down some of the costs of teachers/aides and reduce the amount of teachers who teach after school math.

We do have a grant in to help with the guided reading program and if that come through we can use money for an aide in the guided reading program.
